

Assortment, squeeze connectors

This 450-part product range contains the most common insulated crimp connectors in accordance with DIN 46245 and ring connectors in accordance with DIN 46237. High-quality pliers have also been included in the product range for processing the connectors included.

All the connectors included can be reordered separately if necessary. For this purpose, the article numbers were added to the product range as inlays. The refill packs fit into the respective compartment in the box.
