

Replacing the power steering pump JPR756

Always replace the pressure line as well as the connecting piece between power steering pump and pressure line to ensure reliable sealing between power steering pump and pressure line after replacing! The connecting piece is used to connect the pressure line to the pump and must only be used once.

Connecting piece 18 mm
Ford OE number: 6742740 (F33C 3F656 BA)
Volvo OE number: 30671314
